

DOC Students Spend a Mission Week in Joplin MO

Pictured in front of a tribute to volunteers in a Joplin park are left to right Marsha McCartney (BCC member/adult), Christion Hulen, Ryan Hunsaker, Nick Larson (BCC Associate Minister), Michael Tatum, Andrew Meeds, Lexie Ruffolo, Jordan Mills, Jimmy Spear (FCC Associate Minister), Lindsey Chandler, Jesse Barnes and Max Crane. The park was created by Architecture students at Drury Univ.

The DOC (Disciples on Campus) college ministry spent January 3-8 in Joplin MO serving with folks at South Joplin Christian Church. SJCC, after a 6 month restoration of their tornado damaged church, is now remodeling the gym (round roofed bldg. below) to be a mission station for Disciples Volunteering/Week of Compassion mission groups. Caulk, prime, paint, dig, gravel, dirt, brick lay described just some of the tasks our students were about during the week.

The wall of crosses at South Joplin CC represents the many groups who have volunteered. Our group created a cross for the wall.

A brick sidewalk was laid and as Christion was the cutter, he became known as "brick man."

Jesus is always along in the bus!
